

October 22, 2021

Attention Friends and Family,

RoseWood Village Greenbrier is pleased to announce that we will be hosting our COVID Vaccine Booster Clinic on November 18th 2021. Our clinic is being presented by Family Care Pharmacy and will begin at 10am for residents and team members. Please note the attached consent forms for the COVID Booster and return them as soon as possible if you would like for your loved one to receive the booster.

We will be monitoring your loved one after they receive the booster and will be reaching out to you individually if we have any concerns. Side effects have been reported to be short lived and happen within the first few days of receiving the vaccines.

We will continue to keep our protective policies in place at this time, including screening visitors and staff, encouraging social distancing, requiring team members, and encouraging residents to wear masks in common areas and practicing good handwashing techniques.

We will keep you informed of any changes as we receive continued guidance from the local Department of Health and CDC.

Respectfully,

Christine Wright
Executive Director
